

Olsztyn, 31 January 2022

**REGIONAL DIRECTOR
DIRECTOR FOR ENVIRONMENTAL PROTECTION
IN OLSZTYN**

WOOŚ.420.8.2021.BG.25

RESOLUTION

Pursuant to Article 113 par. 1 of the Act of 14 June 1960 Code of Administrative Procedure (Journal of Laws of 2021, item 735, as amended)

I decide

at the request of the party, to correct an obvious typographical error in the decision of the Regional Director for Environmental Protection in Olsztyn, ref. no.: WOOŚ.420.8.2021 RG. 18, of 15 December 2021 on the environmental conditions for the undertaking entitled: **Construction of a meteorological radar on a plot 330/3, Uźranki precinct, Mrągowo commune, Mrągowo powiat, Warmińsko-Mazurskie voivodeship**, by correcting the entry in the conclusion of the said decision as follows:

Instead of the entry in section III, subsection 2, which states:

Design the radar antenna control system to ensure the movement of the antenna beam only within the range of the upper hemisphere and to guarantee its horizontal operation, i.e. with an antenna design that excludes the possibility of its operation at an elevation angle below +5° from the horizontal line of the antenna

should be an entry:

Design the radar antenna control system to ensure the movement of the antenna beam only within the range of the upper hemisphere and to guarantee its horizontal operation, i.e. with an antenna design that excludes the possibility of its operation at an elevation angle below +0,5° from the horizontal line of the antenna

JUSTIFICATION

On 21 January 2022 an application was received from the Investor, the Institute of Meteorology and Water Management - National Research Institute, Podleśna St. 61, 01-673 Warsaw, acting through its proxy, Mr Marcin Walter, for the correction of an obvious typographical error in the decision of the Regional Director for Environmental Protection in Olsztyn, ref. .8.2021.BG.18, of 15 December 2021 on the environmental conditions of the project entitled: 420.8.2021 RG. 18, of 15 December 2021 on the environmental conditions for the undertaking entitled: Construction of a meteorological radar on a plot 330/3, Uźranki precinct, Mrągowo commune, Mrągowo powiat, Warmińsko-Mazurskie voivodeship. As indicated in the application, in the conclusion of the aforementioned decision, in section III, subsection 2, there is a typographical error consisting in writing an incorrect elevation angle of the antenna, which is below +5 from the horizontal line of the antenna, instead of the elevation angle of +0.5. The above error results from a typographical error in section 11 of the submitted Report on the environmental impact of the project (section 11.2 on page 190).

The authority analysed the content of the above mentioned decision on environmental conditions and the provisions of the Report on the environmental impact of the above mentioned project and agreed with the Applicant that in point 11.2 on page 190 of the Report a typographical error was made, which was duplicated in the conclusion of the decision on environmental conditions. In the description of the

radar technology included in the submitted Report, including point 2.3 on page 27 of the Report, the correct value concerning the minimum elevation angle of +0.5 functions.

In accordance with art. 111 par. 1 of the Act of 14 June 1960 Code of Administrative Procedure, a public administrative body may, ex officio or at the request of a party, correct typographical and accounting errors and other obviousness in decisions issued by this body by way of a resolution. The correction of a typographical error has no effect on the conclusion contained in the decision or its findings. In view of the above, it was decided as in the conclusion.

Instruction

A party may complain against this resolution to the General Director for Environmental Protection through the Regional Director for Environmental Protection in Olsztyn within 7 days after delivery of this resolution to the party. Pursuant to Article 57 par. 5 of the Code of Administrative Procedure, the deadline is considered met, i. a., if before its expiry the letter has been sent via the Polish postal service of the designated operator within the meaning of the Act of November 23, 2012. - Postal Law or a postal office of an operator providing universal postal services in another Member State of the European Union, the Swiss Confederation or a Member State of the European Free Trade Association (EFTA) party to the Agreement on the European Economic Area.
